

## Part II – Financial and Operating Data of U.S. Affiliate – Continued

### EXPORTS OF GOODS BY U.S. AFFILIATE TO FOREIGN PERSONS BY COUNTRY OF ULTIMATE DESTINATION

Report exports of goods by the U.S. affiliate to each country of ultimate destination. The country of ultimate destination is the country where the goods are to be consumed, further processed, or manufactured, as known to the shipper at the time of exportation. If the shipper does not know the country of ultimate destination, credit the shipment to the last country to which the shipper knows that the goods will be shipped in the same form as exported.
